

THOMAS ALLEYNE ACADEMY PRESS RELEASE

Thomas Alayne Academy CELEBRATES INDIVIDUAL SUCCESSES ON GCSE RESULTS DAY

FOR IMMEDIATE RELEASE

Students and staff gathered this morning to collect their GCSE results, taking the opportunity to mark key individual accomplishments and personal milestones across the year group.

While the morning highlighted the varied paths and efforts of all Year 11 students, several individuals stood out for their impressive high achievement in key academic subjects:

- **Charlotte** earned strong results across the board, securing four grade 9s and three grade 8s.
- **Ada** achieved top grade 9s across several core disciplines, including Biology, Chemistry, Physics, English, Geography, and Further Mathematics.
- **Rosie** attained top grade 9s in core STEM subjects: Biology, Chemistry, Mathematics, and Further Mathematics.
- **Govardhan** put together an impressive set of top marks, securing 8s and 9s across his subjects.
- **Amogh, George, Aaron, and Qi-Rui** each earned high grade 8s and 9s in several key subjects.

Melanie Cook, Headteacher, said:

We are delighted with this year's exam results, and it has been wonderful celebrating alongside our students, their families, and staff this morning. These outcomes are a true reflection of the hard work and dedication of our Year 11s, supported every step of the way by our talented teachers and supportive families.

I want to offer a huge congratulations to all our students and wish them the very best in their next steps. We are particularly looking forward to welcoming so many of them back to our Sixth Form next month to begin their A-Level and Level 3 studies.

A selection of photos have been attached to the email.
